Object

The object of the National Plant, Flower and Fruit Guild is to distribute flowers and plants, fresh and preserved fruits and vegetables, among the poor in settlement districts, hospitals and other charitable institutions.

To place window-boxes and establish gardens in poor districts, and to do all that is possible to cultivate a love for nature.

To aid those who live in the country to share their abundance with the dwellers in the city.

Our Needs

Patrons, who pay annually $5.00 or more.
Associates, who pay annually at least $1.00.
Donors, who pay any sum at any time.
Any seedlings or plants you can spare us.

Will you not become a Collector or establish a Country Branch this spring?

When dividing the perennials in your garden, or transplanting your seedlings, will you not send your surplus to us for our backyard gardens?

Will you not send us the flowers from your greenhouse or the fruit and vegetables from your garden while you are away?

A post-card request sent to this office will bring you free transportation labels for this purpose.

Report of the President

The time has come when we begin to realize that another Winter has gone and Spring will soon be here—Spring, with all her lovely early flowers, which we enjoy so much!

I wish you could understand what flowers mean to those who have none, and see so few. What joy they bring in the crowded, hot, back streets, and how eagerly the little hands stretch out for them!

When your gardens are gay and full of flowers, would you not like to send some into town to those who perhaps have never seen a garden, and to those sick ones who never will see one? An old man, cared for by the Visiting Nurses, so bent by rheumatism he could scarcely hold up his head, was taken some flowers; quite to the nurse's surprise, he seemed to appreciate them almost more than any one else.

This year we have sent out considerably over 25,000 bunches of flowers—an increase of eight thousand over last year. I wonder how many people were made happy by all those thousands of flowers. Can we not bring up our total to thirty thousand next year?

If you already belong to a Branch of the Guild, will you not try to keep up the interest?

If you have a garden and flowers to spare, will you not start a Branch?

Pick out any of the sixty-eight charities mentioned in the report, or any other in which you may be interested, and write to our President, 20 South Eighteenth Street, Room 11, and we will gladly send you Express labels—for the Companies deliver free—and if you can send off once a week a basket of flowers, tied in small bunches, covered with damp newspaper, they will give great pleasure to some poor people.

If you have no flowers to give, can you not become a Patroness or an Associate Member, and help us in that way? Our expenses are kept down as much as possible, but we need your financial support very much.

We do Back Yard Garden Work, and when your seedlings are large enough to transplant, or if you are thinning out perennials, let us know, and we will send you labels to go where they are most needed. I wish particularly to emphasize this, as the plants are such a help and are so much needed in this part of our work.

Last year we looked after sixty-nine gardens in the Front and Fairmount Avenue neighborhood, and fifty-six gardens near the College Settlement, also a roof garden at the College Settlement itself, and the yard at the Willing Day Nursery.

Some of these "gardens" were only a box filled with earth and eagerly cared for by children; others were simply rows of potted plants on a bench. But how welcome was the sight of green in the dingy back yard, and it was also an incentive to neatness.

Any vines, such as honeysuckle, Virginia creeper, clematis, would be most welcome, as they may be trained up over unsightly places, and help turn an ugly corner into a delight to the eye.

Toward Fall, when preserving time comes along, we are only too glad for any jars of jam and jelly you can spare us. The many institutions we send to, and the Visiting Nurses, appreciate them greatly. They are often put in the Thanksgiving and Christmas baskets for the poor.

I wish to thank—I wish I could do so personally—all those who have helped so kindly in this excellent work. I am particularly grateful to the contributors of money, for their most needed support; and I especially want to thank the Express Companies for their obliging co-operation in our work.

PHOEBE C. PHILLIPS.
